

CV
Nelya Chefonova

Date of birth: 21.04.1969

Education:

- Kharkiv National Agrarian University named after V.V. Dokuchayev, specialty: "agronomy" qualification "scientist agronomist" (1997--2003)
- postgraduate studies at the Institute of Vegetable and Melon growing of the National Academy of Agrarian Sciences of Ukraine (2006 – 2009)

Scientific degree: - candidate of agricultural sciences, (06.01.06 - vegetable growing (2014)

Field of activity - agriculture

Employment:

- I have been working at the Institute of Vegetable and Melon Growing of the National Academy of Sciences since 1992. I began scientific activity as a laboratory technician;
- a junior researcher in the agricultural laboratory (2003-2010).
- a laboratory researcher of adaptive vegetable growing, storage, and standardization (2011-2022).
- senior researcher of the laboratory of adaptive vegetable growing, storage, and standardization (from March 2022 to the present).

During the period of work, there were developed elements of energy-efficient technology for growing late-ripening white-headed and red-headed cabbage in the left-bank forest-steppe of Ukraine. (2006-2009) I have taken part in the development of economically feasible environmental protection technologies for growing vegetable plants for food and seed purposes using drip irrigation (2005-2010), development of the methodology for the sustainable functioning of the adaptive energy-saving system for the production of vegetable products (2011-2017).), now I am participating in the development of methods of alternative production systems for commercial and seed purposes (from 2018 to the present)

Research results are covered in more than 30 scientific publications, I participated with reports in scientific conferences, and cooperated with farmers.

Personal qualities:

demanding to myself, well versed in research methodology, communicative, responsible, disciplined, proactive, easily acquires new knowledge and skills, have respect among laboratory employees.
